DETAILED ACTION

Allowable Subject Matter

1. Claims 1-28 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The rejection under 35 USC 102 has been withdrawn in light of applicant's amendment and argument filed October 27, 2005. Applicant argues and the examiner agrees the prior art does not teach the formation of a reactive chemical intermediate (i.e., a reactive tetracycline chemical complex) by contacting a reactive tetracycline-based precursor with a transition metal catalyst and reacting said intermediate with a reactive organic substituent precursor to form a 7-, 9- or 13-substituted tetracycline compound.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
